

Lunch Menu

Luke Matthews	Executive Chef
Cameron Rutherford	Development Chef
Alan Holmes	Chef Sommelier

Our food 'philosophy'

Chewton Glen is passionate about delivering exceptional experiences throughout the hotel. The kitchen brigade works relentlessly to source wherever possible the best seasonal ingredients from local suppliers many accredited with the 'New Forest Marque'.

Our team of 27 chefs would be happy to create bespoke dishes to suit your mood or dietary requirements and as all our dishes are prepared to order then we can easily omit any ingredients you don't like, can't eat or perhaps shouldn't have. As we use nuts in a few recipes, there will always be a risk of traces in other dishes.

The kitchen is always busy however we are very proud of this area and always welcome the opportunity to show our guests around the 'heart of the hotel'.

For guests wishing to smoke there is a designated area on the bar terrace and for guests with a mobile phone we suggest that they enjoy their meal in peace and also save our guests from other's conversations!

All our food, bar drinks and wines are priced inclusive of 10% service charge, every penny of which is shared amongst the team. Therefore no further gratuities are necessary nor will they be accepted. If we have not exceeded your expectations then we will gladly remove the service charge.
